

FCOA MEMBER #5400 ~~ KALI

One of the first FCOA applications that came in 2017 was sent by Gary Foster for his granddaughter Kali and it arrived just in time for her to be assigned FCOA #5400. Kali's grandpa has been a member of Corvette Club of Iowa in the West Region and NCCC for 15 years. He served as NCCC's Sgt.-at-Arms from 2005 through 2009 and has been CCI's President since 2014. Kali frequently attends CCI meetings and helps her grandpa preside over them!

Kali is a very bright, happy and active 4½ year old who loves to sing. Her favorite color is **pink**. She keeps busy after day care with her ballet class and karate class. Some of Kali's favorite toys are Mash'ems & Fash'ems, Barbie dolls and the board games that she likes to play. She also likes reading books, watching movies, cooking, coloring plus gardening with her grandma and going to the zoo.

As you see in these pictures, Kali already has a lot of interest in Corvettes and racing! She likes to sit in front of her grandpa's computer wearing his helmet and pretending to drive while watching in-car videos of Corvette autocrosses or races. Her grandpa's 1996 is a slightly modified black/yellow LT4 coupe that is limited to racing duties. She enjoys helping him tie down the race car in the trailer and keeping it clean. Gary has owned many Corvettes over the years but his 2008 is the first convertible he's ever had. It's a black/red automatic car that's just a nice driver. When she's riding with him, he often hears "Put the roof down!" because Kali really likes to push the button to put the power convertible top down. She also wants to go fast in the 2008 and as you can see in the pictures Kali helps wash and dry it. I think she's really headed for many years of fun with her grandpa's cars!

Congratulations, Kali, for being FCOA member #5400!
