

## **SUMMARY OF UPDATES TO ORIGINAL EVENT RESULT FORMS DATED March 03, 2005**

### **1. UPDATE TO EVENT RESULT FORMS, SAMPLES, WORKSHEETS AND INSTRUCTIONS – January 15, 2008**

- a. Reduced the size of the typical event results file from approximately 450 KB to approximately 135 KB by eliminating all the unused columns to the right of the columns with data.
- b. Updated the "Result Instructions" document to account for the changes to the Event Result sheets.
  - i. Added instructions regarding setting print area on front page.
  - ii. Expanded the explanation in the instructions and in the Timed Events Front Page cell E6 for entering times.
  - iii. Added disclaimer explaining that the instructions are written Excel programs from 1997 to 2003.
  - iv. Added note recommending saving your files in the Excel 97-2003 format to maintain the maximum compatibility with users of your files.
- c. Unlocked the cells for Chairperson's and Governor's signature and date to enable electronically signing the results and changed those cells to a script type font.
- d. Deleted the Icekhana event type and associated classes from the Timed Event Result Form.
- e. Updated the Classes and Class names for all NCCC events in the pull-down lists in the "Class" column of the result forms to match the 2008 Rulebook. Changed Speed Event classes from Roman Numerals to Arabic numbers i.e. Group I-S becomes Group 1S, Group I becomes Group 1, Group II becomes Group 2 and Group III becomes Group 3.
- f. Rearranged the first row of the Event Results Front Page to allow more room for the Event Type Name.

### **2. UPDATE TO FILE "NCCC RESULTS INSTRUCTIONS 06-01-06"**

- a. Added a note to paragraph H.(1)d. explaining how to setup the margins, headers and footers of all worksheets in a workbook simultaneously.

### **3. UPDATES TO FILE "7-in-1 EVENT RESULTS SAMPLE COPY – 02-15-06"**

- a. Updated the date of the Speed Event Samples to reflect the two different FTDs (II pre-1984 and II 1984 & up) in Group II in the current Rulebook.

### **4. UPDATES TO SPEED EVENT RESULTS SAMPLE – January 15, 2006**

- a. Updated the date of the Speed Event Sample to reflect the two different FTDs (II pre-1984 and II 1984 & up) in Group II in the current Rulebook.

### **5. UPDATES TO EVENT RESULT FORMS, SAMPLES, WORKSHEETS AND INSTRUCTIONS – January 01, 2006**

- a. Add the new Speed Event and Drag Event classes to the Class pull down lists on the Front Page of the Timed Event Results forms and to the Timed Event Worksheets.
- b. To help sorting order, changed pull-down Class list item from III E and III H to III ME and III MH. Note: Group I-S still ends up as the last class in a sort.
- c. On the Result forms Front Page, set the format for cells in Rows 8-282 to "shrink to fit" and "Arial narrow 10" font except for the Remarks column which was set to "wrap text" and "Arial narrow 8" font.
- d. Center text vertically in the rows on the Result forms Front and Back pages and the Worksheets.
- e. Unlock cell C4 on the Back Page for Host Club Abbreviation.
- f. Set Result forms Back Page line height to "Auto Fit" (12.75) except line 1 = "16.5" and line 115 = "19.5".
- g. On the Result forms Back Page, change the hidden rows to 24-53 in the Club area and to rows 77-106 in the Worker area (leaving room for 20 Clubs and 20 workers without unhiding rows).

### **6. UPDATES TO EVENT RESULTS SAMPLES AND INSTRUCTIONS – November 01, 2005**

- a. Added instructions to create a 7 Event Results in 1 file to reduce the number of files to be transmitted and/or stored.
- b. Added a sample of a 7 Event Results in 1 file.

#### **7. UPDATES TO NCCC RESULTS WORKSHEET INSTRUCTIONS – September 07, 2005**

- a. Added a Caution note [Front Page item (5)] in the NCCC Results Worksheet Instructions to use the Copy and Paste functions followed by Delete rather than using Cut and paste when moving data on the Front Page from one row to another row.

#### **8. UPDATES TO EVENT RESULT FORMS – June 15, 2005**

- a. Result Forms for Timed and Non-timed Events
  - i. Add note to Front Page Cell A5 regarding sorting info using Excel versions older than 2002.
  - ii. Added another check feature to the Front Page Cell I5 to detect an entrant with no points entered.
  - iii. Expand room for number of Clubs on the Back Page from 30 to 50
  - iv. Allow space for optional Club abbreviation on the back page in column C.
  - v. Re-arrange the space for Chairperson and Governor Information on the Back Page for ease of copying and pasting to a new file.
- b. Timed and Non-Timed Worksheets
  - i. Added an unlocked worksheet to the workbook for those that have a version of Excel older than 2002. **Note:** The sort function may not work on the locked worksheet for those with a version of Excel older than 2002, if so use the unlocked worksheet.
  - ii. Added a column for the Club name abbreviation.
  - iii. Added a row to the worksheets to record the Club number.
  - iv. Abbreviate Event Type names so they fit in allowable space.

#### **9. UPDATES TO EVENT RESULT FORMS – May 10, 2005**

- a. Result Form for Non-Timed Event -- Blank and Sample forms dated 05-10-05
  - i. Changed the formatting of the cells in the TIME/SCORE column from "Custom 00.00" to "General" with center justification and changed the comment in the TIME cell.
  - ii. Added a line on the Back Page to type in the names of the Governor and Event Chairperson and hide one more Club and one more Worker row.
  - iii. Abbreviated some of the longer Event Type names on the pull-down list to fit in allotted space.
- b. Result Form for Timed Event -- Blank and Sample forms dated 05-10-05
  - i. Added a line on the Back Page to type in the names of the Governor and Event Chairperson and hide one more Club and one more Worker row.
  - ii. Abbreviated some of the longer Event Type names on the pull-down list to fit in allotted space.
- c. Worksheet for Non-Timed Event – dated 05-10-05
  - i. Changed the formatting of the cells in the EVENT/SCORE column from "Custom 00.00" to "General" with center justification and changed the comment in the SCORE cell.
- d. May 10, 2005 Instructions
  - i. Added procedures to:
    - 1. Reduce the Event Result file sizes by making dumb copies (400-500 KB files reduced to 50-60 KB).
    - 2. Lock the copies so they can't be altered if desired.
