

FCOA MEMBER #2100 ~~ HEATHER

As they usually do, Barb and Zeke Jenkins mailed in a FCOA membership application for a fellow Corvette club member's daughter. Little did they know that it would arrive at the right time in January 2003 for her to be assigned FCOA membership #2100! Heather is the first FCOA member in NCCC's Southeast Region to be honored with a "special" number! Her Dad, Richard, joined Valley Vettes in Alabama last year and is looking forward to some great times with other Vette enthusiasts.

4-year old Heather likes it when Grandmother Erma takes her to pre-school so she can learn the alphabet. While there she really looks forward to arts and crafts time and also enjoys recess-time with her friends. Like most little girls her age, Heather collects and plays with Barbie dolls and has declared pink as her favorite color. (Hmmm ~ does she know that there was one Vette built in 1968 that had a non-standard color and it was pink!) Count on her to love stuffed animals and her puppy Misty. One of her favorite pastimes is watching cartoons like Sponge Bob Square Pants and Chalk Zone. Even as young as she is, she's a great helper by always remembering to pick up her toys, turn off the TV and turn out the lights.

As you can see, Dad's Vette is a 2000 Torch Red coupe that is "slightly" modified with some performance and appearance enhancements. Not a first-time Vette owner, he previously owned a red 1974 and a yellow 1994. Heather's Dad says that "maybe by the time she turns 16, the 7th generation Vettes will be out...take her to school, not likely...she'll want to drive herself in Dad's Corvette. Of course, by then she'll have talked me out of a red one...it would most likely clash with her hair."

Congratulations, Heather, for being FCOA member #2100!
