

FCOA MEMBER #2300 ~ COLTON

Colton's application for FCOA membership was mailed by his Grandpa in September 2003 just in time for him to be assigned FCOA #2300. As you can see by this picture, this active 1-year old is already experiencing the fun of Corvettes! Colton loves to stand in Grandpa's 1992 yellow Vette and drool on the steering wheel. He always shows his appreciation for the new paint job on Grandpa's Vette by making "vroom" engine noises!

As all kids do, Colton has made up his mind already about what he likes and what he doesn't like! Peaches rank as the most distasteful food but he really likes those Cheetos! Colton enjoys taking a bath but absolutely dreads getting his face washed. Besides checking out Grandpa's Vette he's very interested in the phone and answering machine when he isn't dancing or wiggling around. And he's already decided that purple is his favorite color!

Colton's Grandpa was a member of the West Region's Cedar Rapids Corvette Club in the '70s and re-joined in 2003. Unfortunately he passed away recently and isn't able to see this article. John was very proud of his two Grandsons, Colton and Jakob. He was very excited that he could sponsor them as FCOA members.

Congratulations, Colton, for being FCOA member #2300!
