

FCOA MEMBER #2500 ~~ JACK

After procrastinating for awhile Jack's dad mailed his FCOA application just in time for him to be assigned FCOA #2500. Also included in the envelope was an application for Jack's older sister, FCOA #2499 Laura a/k/a "Sissy". Jack's dad has been an active member in NCCC's Midwest Region and Mid-Illinois Corvette Club for the last 10 years. A Past President of his Club, he is currently the Governor as well as the MW Region Executive. Jack and his dad love to collect corvette toys and go to Corvette shows to find more treasures for their collection. They look forward to the days when they can go cruising together with the T-tops off in the '79 Corvette while his mom and Sissy ride along in mom's '82. This is truly a C3 family with those Vettes plus a '71 LT-1 currently undergoing a frame-off restoration and two 1978s.

Like most 4-year olds, Jack made up his mind already about what he likes and doesn't like! This active pre-schooler likes to draw, paint and play with action figures. Blue and yellow are his favorite colors but monsters top the list of worst things ever! When the weather isn't nice enough to play outside, Jack likes to play computer games, watch TV & movies and wrestle with his dad. He likes to go with his dad to the local Corvette Club meetings as well as the local cruise-in where they see lots of nice cars.

As you can see from the pictures below, Jack likes to sit in his silver '79 L-82 Vette and pretend he is driving. And he even lets Sissy take over the wheel sometimes! Jack's dad traded in his '96 Corvette for the '79 right before Jack was born so his mom could stay home with him. This '79 will be Jack's when he graduates from high school after Jack and his dad restore it to all of its past glory. Jack plans to keep his '79 forever!

Congratulations, Jack, for being FCOA Member #2500!
