

FCOA MEMBER #3400 ~ SCOTT

When his Grandpa Driver mailed in the FCOA membership application, little did they suspect that Scott would be assigned FCOA #3400! Scott's grandpa has been a member of America's Corvette Club of Michigan for 4 years. Fred feels that the fulfillment and fellowship his family has received through being associated with ACC and fellow Corvette owners is something one has to experience to appreciate.

13-year old Scott is a seventh grader who favors math but doesn't look forward to that history class. A wide range of activities keeps him busy when he's not in school. Besides being a certified diver, Scott enjoys skateboarding, lacrosse, snowboarding, biking, football, wakeboarding and basketball. He even finds time to hunt and fish! Scott's grandpa says he's a thoughtful and caring young man who has a great sense of humor and likes to joke around.

Scott really enjoys the annual Woodward Dream Cruise ~ a 26-mile cruise between Detroit and Pontiac MI. One night the week before the cruise ACC members drive down the center two lanes of Woodward Avenue. On the day of the cruise they have a spot on Woodward Avenue to watch the cruise and enjoy the day as a group. As you can see from these pictures Scott also really likes grandpa's 2004 Corvette ~ check out that sweatshirt!

Congratulations, Scott, for being FCOA member #3400!
