 WOW!!! a Corvette Book for Kids!

HERE IT IS ~ A BOOK DEVOTED TO
 CORVETTES & WRITTEN FOR "KIDS"!

This hardcover, picture-filled book chronicles the evolution of the Corvette with only the C5 and C6 left to speculation, as those models were not in production at the time of the writing. Content is factual but not overwhelming. It is written in interesting, understandable language for children in a wide range of ages (estimated 4th grade reading level with a 9th grade interest level). A must-read for all future sports car enthusiasts! NCCC members reviewed it for the publisher and found it to be a quality book to introduce kids to America's only true sports car. It is a great book for "kids" of all ages! **Corvettes** by Kal Gronvall retails at about \$18.50 but you can purchase it for a special discounted price of \$13.50!

Through the generosity of the publisher, NCCC's youth organization, Future Corvette Owners Assn., receives a portion of the sale of each book as a fundraiser.
