

Hints for completing the 2020 NCCC Convention Registration Form

The registration software will automatically fill in the entrant's information using the data from the Membership Database if you enter in your COMPLETE NCCC number. The program will use that number to fill in the registrant's personal information.

NOTE: Your NCCC number is of the form RR-CCC-NNNN! RR is for the Region (RM, RR, EO, etc.), CCC is your club number, and NNNN is your member number within that club (L for Lady & LM for Life Members). If any of the information automatically filled in is incorrect, that means that your membership record is incorrect as well. If this happens, please contact your Club's Governor to update your NCCC Membership Database record. You may overwrite any of the fields (e.g. Street address, email address, phone number, etc.) on the Convention Registration form if they are not correct in order to expedite your registration for Convention.
