

The **National Council of Corvette Clubs (NCCC)** was established in 1959 by a small group of Corvette owners and enthusiasts as an all-volunteer, non-profit organization. Since inception, NCCC's purpose has been and still is to promote interest in Corvette ownership and operation, to publish information on the use and operation of the Corvette and to establish an organized effort to encourage others to participate in the enjoyment connected with the use and ownership of *America's Sports Car – the Corvette!*

As an individual or Corvette Club, you might ask, "What's in it for us, why should we become a member of NCCC?" We have assembled this brief flyer to show you a few of the major benefits of what NCCC has to offer. More in-depth information and details can be found on our NCCC web site or by contacting a National or Regional Officer.

◆ **We are an organization interested in our Youth and their education.** What other organization makes it so easy or inexpensive to pass your Corvette enthusiasm to the younger generations? We enable this through the NCCC's *Future Corvette Owners Association (FCOA)*, which has a minimal, one-time fee for youths up to age 16. After FCOA, the youth may become a Youth Member.

◆ To further assist in the education of our members and dependents, **NCCC offers a National Scholarship Program**, which promotes and assists members & dependents with their education. The NCCC Scholarship program is funded through donations from many of our clubs, through individuals and our corporate partners and sponsors, such as *Mid America Motorworks*.

In addition to the NCCC National Scholarship Program, you will find that several of our sixteen regions also offer additional scholarship programs to directly assist their members and dependents within their region.

◆ **NCCC is an organization with a focus on charities and grants**, which began in 1975 and has grown steadily, not only in dollar amounts given but also in the area of service. Since 1975, NCCC has donated over \$1.5 million to the *Muscular Dystrophy Association, the Spina Bifida Association of America, the National Kidney Foundation and now St. Jude Children's Research Hospital*. Funds for St. Jude are raised with a raffle providing the winner a certificate to purchase a new Corvette. Under the **grants division**, we have provisions for member hardships.

◆ If you have ever hosted any variation of a club event, you know that event insurance can be very costly. As an NCCC affiliated club, various levels of insurance coverage are available for clubs and members. Information regarding coverages can be found on the NCCC web site as FAQs under the Insurance Program category.

◆ NCCC also offers you the **support of members around the country** who have a vast wealth of information and knowledge. If it is a car part you're looking for, knowledge to learn how to perform a modification, car issues during a trip, down to having a family or health issue, with NCCC the *Family Helping Family* program is available and a benefit supporting you!

◆ As a member you have access to **numerous MEMBER DISCOUNTS discounts** with vendors such as rental car companies, tire companies, hotels, after-market accessories, etc. Our *Director of Sponsorship* works with corporations that have services and products which benefit our members and is maintained on our web site.

This magazine is published quarterly and provided to each primary member household via online or hardcopy.
