

## **FCOA MEMBER #1500 ~ ANDREW**

When the application for Andrew's FCOA membership arrived in October 2000 he was assigned FCOA membership #1500. Andrew's application was in a huge stack of applications sent in by his Uncle Dave & Aunt Joan. Included in that mail were applications for his sister Allison and lots of cousins! The Heinemanns are founding members of Windy City Corvettes in the Midwest Region and have been very active NCCC members for 20+ years.

Andrew looks like he's ready to take a drive in the Heinemanns' 1996 Collector Edition coupe. He made a big track in his basement with Connects® for his micro machine cars. He also likes to draw tracks and roads on large sheets of paper. I wonder if Uncle Dave has any influence in that area!

Andrew is in 4th grade where his favorite subjects are Math & Reading but he doesn't look forward to Social Studies and Science. This active 10 year old keeps himself busy in his spare time playing with his friends, playing video games, riding his bike and playing sports. He likes all sports but his favorites are basketball, baseball and football.

**Congratulations, Andrew, for being FCOA member #1500!**
