

# NCCC Charter Members

In the early 1970s it was proposed to honor some of the NCCC Members as NCCC Charter Members. In order to be designated as a Charter Member, the individual needed to prove that they were Members in the early days and still current members. There was a deadline set and documentation reviewed. John Palladino was the Chairman. It is unclear as to what documentation was required but after all of the information was presented by Members, 22 were given the designation of NCCC Charter Member.
